How to Guide

For Setting up and Apple iOS Device on the Discovery Network

Step 1:

Locate the Settings Icon on the Device.

Step 2:

Select Wi-Fi.

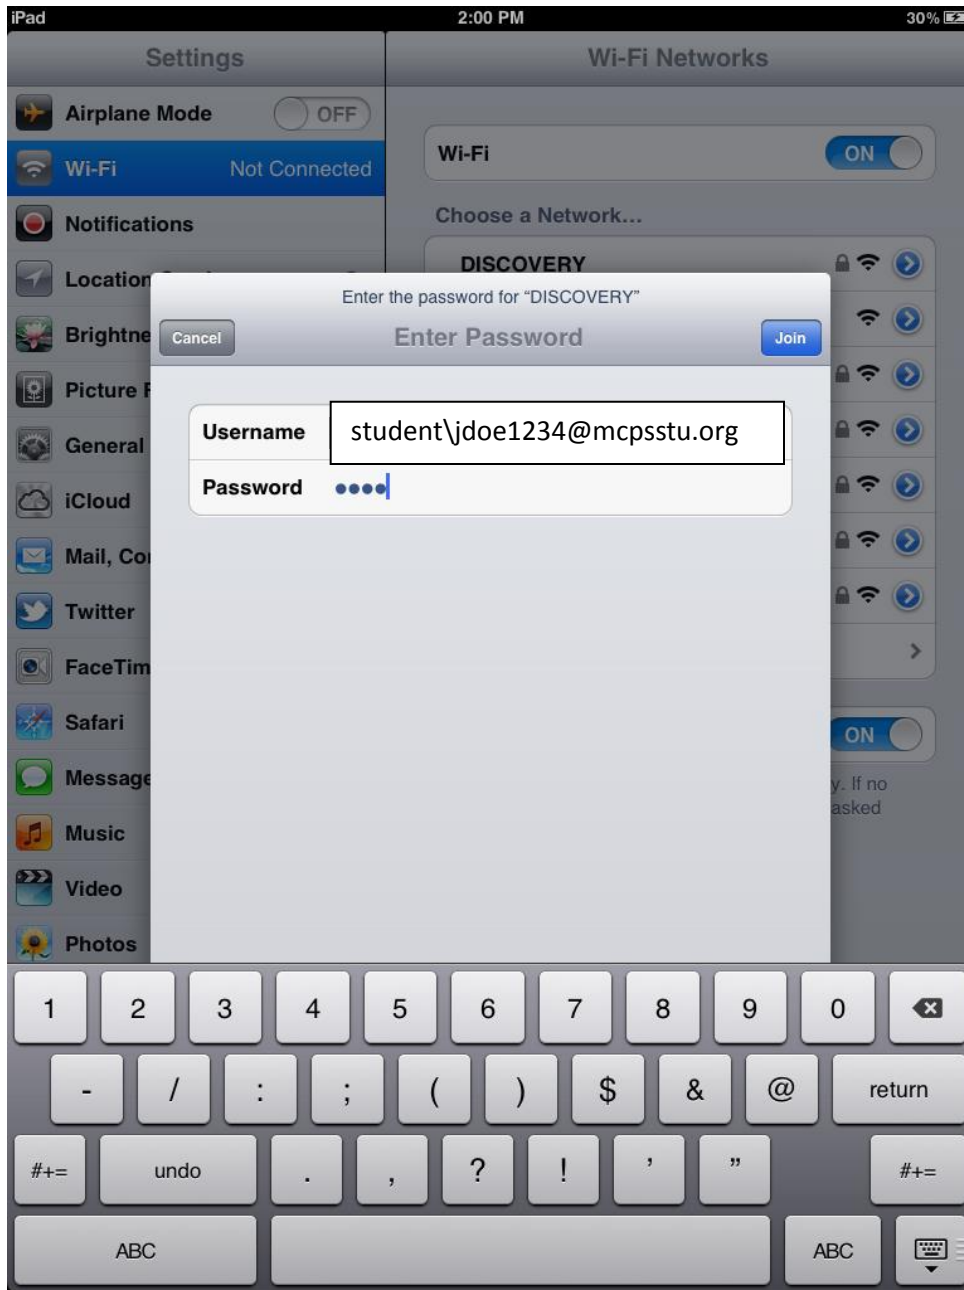

Choose DISCOVERY.

Step 3:

When prompted, enter student ID (Username & Password).

Make certain to type student\ before the student username. It **MUST** be a BACKSLASH.

Step 4:

Once connected, a check will appear next to DISCOVERY and the DISCOVERY network name will appear beside Wi-Fi noting that a connection is present.
